The Dimmer View

BY MAX GOODWIN

The long awaited get-together of Governor Knight and Senator Knowland is over and the resultant emanation from the union is disappointing.

Any newsman with an ounce of ability could have written the script for that meeting three weeks in advance, if he wanted to paint a word picture producing nothing, explaining nothing and promising nothing.

There has been a vacuum surrounding the affairs-de-la governor ever since Bill Knowland apparently said he was going to run for governor and who's going to stop me? At that time Governor Knight, while maintaining a discreet silence in public, gave all the appearance of a man dispossessed by pressure of the office he has held so capably.

Knowland's announcement that he would seek the governorship came at the time the heat was on union officials for controlling their elections by hand-picking the candidate, leaving no choice for the constituency except to vote for this choice, or not vote at all. We opined editorially at the time that the similarity here between a California state governor candidate being chosen in Washington and the titular head of a union being chosen in private meeting so great as to be frightening.

This condition is extremely incongruous since Knowland is dedicated to fairer practices in union official- union member relationship.

For this reason, and others, many of us of Republican persuasion felt that this meeting might have produced something to clear the air of some of the political impediments.

The tender body of Republicanism at the state and county level is hardly being warmed by Sherman Adam's vicuna coat either, so in all, it looks like a melancholy season for us Republicans.

Sherman Adams's interest in coats sent thousands of editors scurrying to the office encyclopedia in research on the noun vicuna.

My choice is Newsweek's rundown on the wild little ruminant:

" A close cousin of the bigger llama and alpaca (all members of the camel family), the vicuna is a fleet, nonpolitical beastie. Experts thinks there are about 400,000 in the entire world, and most of these live far from man, 12,000 feet up in the barren uplands of western South America.

"The 3-foot-tall animal cannot be domesticated, and, in general, is so unapproachable it must be slain before it is sheared. Yield per beast: One-quarter of a pound. Since much fibre is lost in spinning, weaving, and cleaning, it takes 40 animals to make a coat.

"Another bit of vicuna lore for amateur naturists and professional politicians: The animal neither kicks nor bites to defend itself, but if you come too close, it spits in your eye."

What must be part of the backstage play indulged in by county supervisors apparently got on the

Chamber Boosters Hear Semi Report

More than 100 supporters of the Lemon Grove chamber of commerce heard a varied program Monday night at its semi-annual dinner meeting at Michael's.

There was a good mixture of Hollywood, Las Vegas and good, sound consideration of the commerce and welfare of the community.

Chamber President Ernest M. Newton gave the keynote speech and said the first phase of the several elements of bringing about an election on incorporation was nearing completion. He said more than the necessary number of petitions had been signed and were being processed for approval by the assessor's office. Considerable more work will go into an eventual October election, he said.

John Johnston, who heads the professional staff of those hired by the chamber to lead the activity for the election said the campaign was going smoothly and was well ahead of schedule.

Bob Turnbull, a Lemon Grove youth now in show business in Hollywood was guest of honor and introduced his group which included Sammy Ogg and Sandy Knight, youthful movie personalities.

Featured speaker was Arnold

Lemon Grove Girls To Vie

Two Lemon Grove girls are among the 53 young women from 18 to 25 who will compete for the roles of finalists in the Miss Fiesta contest Sunday afternoon at the El Cortez Hotel.

Carolyn Lee Randall, 18, of 7848 Nichals, and Nancy Louis Holm, 19, of 1907 Skyline Drive, will appear before the judges. The ten finalists, who are chosen on Sunday, will compete for the title La Reina de la Fiesta Saturday, July 9, at the El Cortez.

Carolyn is a native San Diegan and a graduate of Mount Miguel high school. She is sponsored by the Lemon Grove junior chamber of commerce.

Nancy is planning to enter San Diego state college this fall. She is interested in real estate and holds a sales license. She is sponsored by the North Park business club.

Board Reversal Seen In Offing Over Judgeship

SAN DIEGO (CNS)—The question of a new judge and another courtroom for the El Cajon Municipal Court District, which has split Supervisors for months, is going to be settled at the next meeting of the board, according to reliable source at Civic Center.

Supervisors are first going to reverse themselves on their previous votes about taking the Homeland district away from San Diego and adding it to El Cajon, it is understood. This would mean that the El Cajon court would automatically get a second judge of permanent status. It would become a two-judge court.

As a result, it is expected that Supervisors will than restore to the budget the $32,000 taken out last week in a retaliatory measure against Supervisor David W. Bird, because he moved removal from the budget of $95,000 for a county branch building in Encinitas.

When the question of adding Homeland to the El Cajon district came up recently, only Bird and Supervisors' Chairman Dean E.

Judgeship Battle On Next Week

Backers of the proposed second judgeship for the El Cajon judicial district this week girded for a last-ditch stand against opposing supervisors after the county board had trimmed a tentatively approved $31,975 from the upcoming fiscal year budget and cooled hopes for approval of the judgeship at a July 8 hearing.

Judge Fenton Garfield of the El Cajon court expressed disappointment over the unexpected fund slash by supervisors. However Garfield said he expected a huge turnout at Tuesday's meeting of the board when super-

Home Site Grading Set Soon

Grading of the sites on the former La Presa airport for construction of some 248 new homes will begin in a few weeks Henry Gribbien, assistant manager of Kelton and Bollenbacker builders, reported this week.

The project is known as Units One and Two. The project has already been accepted into the Spring Valley fire protection district, according to Gribbien. Future plans by B and K call for several hundred homes in the area. Some will be adjacent to Mt. Miguel high school.

Delay on earlier building of the new homes location of a beltline highway coming through the La Presa area. The exact location was unknown.

EXCHANGE CLUB TO BEGIN HERE

San Diego's Northeast exchange club, civic group of businessmen, is moving its charter to Lemon Grove and has already started meetings in a Lemon Grove restaurant, Austin Potter, club vice-president, said this week.

Potter said it will be about three weeks before the charter change is completed and the club will be known then as the Lemon Grove exchange club. Meetings are every Friday night.

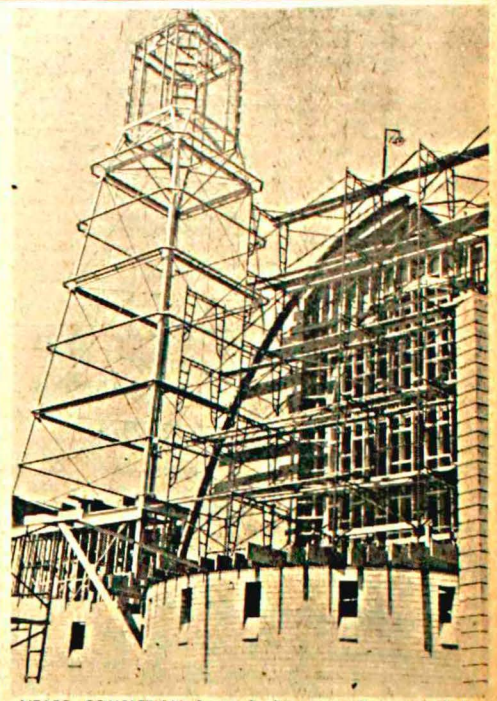
Tax Line Held By Budgeteers

County supervisors this week withstood the wrath of proponents of some budget items slashed from a record proposed expenditure for '58-59 of $61,149,030—some $50,000 lower than the prehearing estimates of T. M. Heggland, chief administrative officer.

While the proponents of several projects—including groups in Lemon Grove and Spring Valley—were up in arms over the slashed expenditures of formerly approved allocations the board was taking bows over the record high budget which still allows the county to hold the line against tax rate increases. In fact, the tax rate may be slightly lower—if not the same—in view of the tight budgeting tactics.

Last year's budget was $58,259,998 as compared with the bulging budget of the coming fiscal period.

Formal action on the approved budget comes this week after Jerry Anderson, county budget director, revises the budget layout to conform with the board's action of last week in cutting out certain sections.



NEARS COMPLETION—Santa Sophia, new Roman Catholic church in the Casa de Oro-Spring Valley area located at 9800 San Juan, will be used Sunday for the first time when mass is said there. The structure, about 80 per cent complete, is shown here as it now stands. Scaffolding covering front of impressive building is being removed. Bell tower is at left. New Santa Sophia Church Will Open With Mass Sunday

Santa Sophia Catholic church—ultra-modern yet retaining grace of Spanish style architecture—will open is doors to Spring Valley, Casa de Oro and surrounding area parishioners Sunday when mass will be said in the 80 per cent complete structure.

The Santa Sophia church parish rectory, located north of the new church being constructed at 9800 San Juan, Casa de Oro, will be occupied this week. Father John J. Verhoeven, currently of St. Anne's church, Logan Heights, San Diego, heads the new parish. He assumes duties held by the late Rt. Rev. Msgr. Richard R. Daniels who died June 8. Msgr. Daniels had worked long and hard to help raise funds for the church which will now be in use for the district's Roman Catholic faith members.

The rectory—outstanding example of Spanish architecture in modern style—features a 16-room square with a center patio and large picture windows facing into the patio and also outward toward the church and surrounding area. Father James Rollins of Santa Sophia said this week furnishings were moved into the rectory during the past week and occupation of the priest's quarters would be later this week. Three priests will have quarters in the rectory, he said.

Plans for Santa Sophia's new church grounds call for a complete parochial plant including a high school. With the church 80 per cent completed and services to be said there beginning this Sunday, construction crews are aiming for early completion of the facilities.

CdO Posts Ready For Junkyard

Casa de Oro's ornate west entrance pillars will be removed soon following chamber of commerce underwriting of removal costs, it was reported this week. Chamber officials said the big pillars created a traffic hazard.

Gil Ray, chairman of the chamber's civic improvement committee, reported the chamber directors bids had been obtained for the removal project. Cost was estimated at about $50. Business owners in the area have voiced complaints to the chamber over the entrance signs indicating the pillars are no longer of use in presenting a nice entrance to the Casa de Oro district.

Incorporation Goal Assured By Check

Referendum qualification for Lemon Grove's proposed incorporation was this week assured when an auditor's check of incorporation petitions indicated there are 11 per cent more signatures than necessary to qualify for the vote, chamber of commerce directors said.

W. Earl Smart, attorney and acting spokesman for the Civic committee of 1000 for Incorporation, said the petitions were checked by Bert Betts, a certified public accountant.

A report from Betts said signatures representing 36 per cent of the assessed property valuation had been obtained. A minimum of 25 per cent is necessary for an incorporation referendum.

Smart said the petitions will be presented to the county board of supervisors before July 7. Public hearings are necessary before referendum can be scheduled.

The Betts organization has certified $1,460,950 in land values has been processed which is 36.52 per cent of the total land valuation of the proposed city. 2023 parcels out of 5404 total had been submitted. Incorporation leader, Mrs. Louella W. Fellows, indicated a large number of petitions were still being received daily which would probably increase the totals by another five to ten per cent before July 7.

LG Grade Board Names Leaders

Ray Lange was elected president of the Lemon Grove elementary school board at the annual organizational meeting Tuesday night. Elected vice president was Bert Cosby. Warren Buckner was made clerk.

Following an irregular schedule for summer vacation months, the board will resume its meetings on the second and fourth Monday of each month beginning in September.

HELIX IRRIGATION MEET SET

The board of directors of the Helix Irrigation district will meet as a board of equalization Tuesday at 9:30 a.m.

FINAL PRIMARY ROUNDUP GETS LOCAL VOTE TREND

In the final tabulations of San Diego county's primary voting it was indicated this week Judge Luther Hussey, incumbent of the San Diego county judicial district five office, collected three times as many votes as his nearest competitor in the district and had a two-to-one margin in Lemon Grove's precincts over opponent Frank Armstrong.

In the Lemon Grove area Hussey received three times as many votes as another municipal judge candidate Howard Muhleman and four times as many votes as Muhleman in the rest of the county.

In the primary Sheridan Heggland, Democratic candidate for assemblyman of the 77th district, received almost twice asmany votes as his opponent William K. Shearer, Republican, in the Lemon Grove precincts. District-wide, Heggland lead the race by almost the same margin.

Bert A. Betts, Lemon Grove Democratic candidate for state treasurer beat his opponent A. Ronald Button, Republican, by a margin of about 800 votes. However, in the entire San Diego county Button lead the race by a margin of about 3700 votes.

As the comparison indicates the tallies in the 35 Lemon Grove precincts and the rest of the San Diego county almost agreed. Except in the Button-Betts race, there was no definite change in voting trends.

Double Rites Given Two Auto Victims

A double funeral service was held this week on Thursday for two young men who died Friday in a head-on auto collision near Socorro, New Mexico while on vacation.

Robert Leroy Nienaber, 21, son of Mr. and Mrs. Clete Nienaber, 5487 Roswell street, and James Kelly, 22, son of Mr. and Mrs. Willard Cain, 724 Melrose place are the victims.

Nienaber was a senier at State College majoring in experimental psychology. He was graduated from Brown Academy high school and junior college. Kelly was on leave from March air base where he was a member of the air force band. He was scheduled for release in September.

The pair had been pals since they were 12 and attended Chollas grade school together. On the vacation trip they had visited Carlsbad Caverns and were headed north to the Grand Canyon. The accident occured near noon but details are lacking except apparently Kelley was driving. Services were at Greenwood followed by interments. LETTERS TO THE EDITOR

Dear Editor:

The article in the Bulletin on Judge Hussey and the Homelands court should be run three or four weeks straight. It surely would please me. As past president of Spring Valley coordinating council, we wrote a letter to the supervisors when D. H. ran the first article on it asking them to let it remain in Lemon Grove to serve this area. We never got an answer. Of course D. H. at that time said he had a jump on the gun and remember there was an article asking D. H. to withdraw it as he was mistaken but how true he was. D. H. was a good man. Too, the men at the regular dinner once a week at Michael's trying to say nothing to it and barring women at that time. Yes three or four times straight running that article, those supervisors will either pull in their horns or put you out of business.

Thanks,
Thelma Lesie.

PICTURE TALK

by Bob Vaught

SUMMER SNAPS . . . GET THEM WHILE IT'S HOT

Lots of folks who drop by our store are really interested in making good summertime pictures. Here's some of the questions and answers traded over our counter:

There's a swarm of bees in our backyard. Can I get ultra-close-up snaps of their activities with a 35mm camera?

Bob Vaught

Technically, yes. A Kodak Portra Attachment over the lens will let you take colse-ups from just inches away. Personally, I'd recommend a milder subject — but if you go ahead be sure to keep some baking soda handy in case the bees snap back.

The pictures on my last roll of film looked misty. I followed the instructiosn that came with the film. Is something wrong with my lens?

It's probably dirty. Try removing dust and moisture with Kodak Lens Cleaning Tissue. If that doesn't shine up your snapshots, bring the camera to us for a quick check-up.

How can I Make the clouds stand out in black-and-white snapshots?

That's easy. Use a filter. A yellow colud filter will make the clouds in your scenics look like froth on an ice cream soda. We have them (filters, that is) to fit most cameras.

How can I get speedy processing of the film we'll snap on a vacation trip next month?

Mail your rolls to our store—your prints will be ready when you return. As for you . . . drive slowly. Leave the fast work to us!

The gallery will be open each week on Thursday 1-4 p.m. and 1-5 p.m. on Saturday and Sunday, and this show will remain until August 10. These artists have quite different styles of painting, so this should be an interesting show.

LG Youth Joins Drill

FORT RILEY, Kan. (AHTNC)—Army Specialist Third Class John P. Lovett, son of Mr. and Mrs. Leslie T. Lovett, 1856 Englewood drive, Lemon Grove recently participated with the 1st Infantry Division in a joint Army-Air Force maneuver in Kansas.

Testing new Strategic Army Corps troop movement tactics, the mobile infantry force was air-transported from Herrington, Kan., to Fort Riley.

Specialist Lovett, a chart operator in Mortar Battery of the 16th Infantry, entered the Army in 1955.

The 21-year-old soldier is a 1955 graduate of Helix high school, La Mesa.

MAKES GRADE—Marine Pvt. Ernest R. Chambers, son of Mr. and Mrs. Ernest S. Chambers of 7895 Bryan court, Lemon Grove is scheduled to finish four weeks of individual combat training June 27 at the Marine Corps Base, Camp Pendleton, Calif. The course includes the latest infantry tactics, first aid, demolitions, field fortifications and advanced schooling on weapons.

SUMMER ENEMIES

It seems to me that I found green worms doing damage to Roses and Geraniums and many other flowers earlier this year than ever before. I usually think of them as mid-summer enemies. For them it is necessary to wheel out the heavy artillery and get it into action.

Sucking insects, such as thirps and aphis, can be killed by any good contact spray but for the chewing regiments, you must have something more drastic, something with a long residual "kill." I recommend for any of your shrubs and flowers that you spray with a combination of malathion and dieldrin. You'll get a "contact" kill from the malathion while the dieldrin leaves a long residual control. You'll kill both sucking and chewing insects with this combination.

On vegetable or fruit crops . . . anything edible . . . Pyrethum products and dusts are safer. A many purpose garden dust is available, formulated especially for the home gardener, which contains nothing that will leave any poisonous residue on the foods.

LOMITA VILLAGE NOTES

by Edna Rice — HO 9-6832

Lomita Village was again the scene of one of those beautiful candlelight wedding ceremonies recently at Skyline Wesleyan, with Pastor Orval C. Butcher tying the knot and also rendering touching nuptial music. This time the lovely and glowing bride was Miss Janet Fisher, daughter of Mr. and Mrs. E. A. Fisher of 452 Cardiff street, while the bridegroom was Pfc. James Magoon, son of Mr. and Mrs. Raymond M. Magoon of 1104 Jud street. The sunset ceremony was followed by a wedding reception at the home of the bride.

The bride was radiant in a soft pink semi-formal all-over lace bouffant wedding gown with bustle effect, a pink tulle nose-tip veil sprinkled with seed pearls and pink net nylon gloves. She was further adorned with a white carnation nosegay with pink streamers. The bridesmaid, Miss Barbara Magoon, sister of the groom, wore a princess pastel blue cotton gown with a blue all-over lace duster.

The bride's mother, Mrs. E. A. Fisher, was gowned in a brown floral sheath dress with an Eton jacket and wore a pink carnation corsage. Mrs. Raymond M. Magoon, the bridegroom's mother, was attired in a blue polka-dot gown with white accessories and wore a white carnation corsage.

The young couple were both educated at Lincoln High School. The new Mrs. Magoon is employed at Whitney's department store. The bridegroom is stationed at Fort Ord, California. The destination of their honeymoon was undisclosed.

◇ LOMITA VILLAGE ◇

We have another Lomita wedding to report. Miss Louise Brister of Spring Valley and S-Sgt. Robert H. Conroy, formerly of 312 Cardiff stret, were married at the Baptist Parsonage in Winterhaven, Calif., on March 23rd. The bride was radiant in a powder blue ensemble. The new Mrs. Conroy is employed by the Doctor's Service Bureau, while the bridegroom is a Drill Instructor at the Marine Corps Recruit Depot. Mrs. Conroy is a graduate of Debuque University, Iowa, and a member of Kappa Phi Delta sorority, also the Credit Women's Association of San Diego. They are at home to their friends at 2712 Gearing street, San Diego.

◇ LOMITA VILLAGE ◇

The Audubon Steperettes and the Lomita Village Twirlerettes will parade in the July 4th Diamond Jubilee parade at Oceanside. This is the first time that the Flag Girls wil parade with the Twirlerettes and the Pompon Girls. In the Imperial Beach Parade on July 19, the Twirlerettes will wear their new summer dresses of gold and purple with ruffles at the neck and at the bottom of the skirts.

The bank will pay 37½ cents a share on common stock Aug. 1, to shareholders of record July 18 and a dividend of 37½ cents a share Nov. 1, to shareholders of record Oct. 20, according to Jack W. Koop, manager of the Lemon Grove branch of the First National Bank.

LIMIT DRIVING

When planning a vacation trip in your automobile, limit your daily driving to a distance you can cover comfortably, says the Automobile Club of Southern California. A vacation ceases to be a vacation if you have to grind away miles on the road when you are tired and sleepy, and you multiply your chances of having an accident.

Construction Projects Move Ahead In District

Road repairs for Bancroft drive finally were underway this week after Iner Brothers construction company of Escondido moved into action and Casa de Oro's sewer project problems continued to draw residents' wrath with stoppage of sewer hook-ups.

Iner Brother's Bancroft road project foreman said this week the job would now go forward on schedule despite a late start. He said no further delays were contemplated. He said the street will be widened in several places. The street will be 34 feet wide from gutter to gutter, with a five-foot walkway on each side.

Regarding the Dorfman construction company's sewer project in Casa de Oro, the superintendent of the project, Leo Dietrich, said there is only a few thousand feet left to be dug before the work is completed in that area, known as Spring Valley Area. 54. From there they will go on to West Spring Valley to Area 51 which will tie in with work done by the Hutchinson company. They also put in collection lines under the 1911 Act.

County engineers earlier said the Dorfman company stated no further hookups would be allowed. Dietrich said many of the residents of the Casa de Oro area had been calling the county about their sewer hookups and were told there would be none until the job was completed. That was partly true, Dietrich pointed out. A telegram from his company in Los Angeles to Jean Vincenz, director of public works further explained the situation. The telegram read as follows:

"Effective immediately no further hookups of house connections will be permissible on our sewer project at Kenora et al streets, Spring Valley area 54, San Diego county, until pipe installation and trench backfill has been tested and passed and 12 inch granite base is acceptable in place. Signed waivers by property owners must be submitted to this office for approval by the president or vice-president of our company before connections may be started. Waiver must indicate that we as contractors are completely free of any liability to repave, granite base, tamp or cleanup lateral house connections.

"Additionally, any excessive watering or processing of house connections that might injure or destroy our main lines trench backfall, granite base or adjacent oil surfacing, will not be our responsibility, and the agency or sanitation district installing such house connections shall hold Dorfman company blameless in all the above outlined connections before submitting any further applications to connect to our sewer project."

Dietrich said when the residents get in touch with him he simply reads them the above telegram. He said under the 1911 act his company sometimes waits up to 90 days after the work is accepted by the county before getting paid.

Skate Rink Bus Service Set For LG

In order to provide the children of this area with an opportunity to roller skate, a free bus service from the Lemon Grove district will begin providing transportation to and from Sweetwater roller rink in National City Sunday.

This service will run through the summer on Saturdays and Sundays. It will pick up passengers at Golden avenue and school lane in Lemon Grove at 1:10 p.m. Then it will travel down Sweetwater road in Spring Valley to the second stop at the Spring Valleyy Inn at Central and Frey. Valley Inn at Central and Frey through Spring Valley to National City, and it will arrive at the skating rink at 2 p.m.

The bus will leave the skating rink at 4:30 p.m. and will arrive at the Spring Valley Inn at 4:50 and Golden avenue and School lane at 4:55.

Admission at the rink is 60 cents for children 12 and under. This includes free rental of shoe skates. For those over 12 admission will be 60 cents plus 25 cents to rent shoe skates.

"We are very happy to provide this service, knowing that many youngsters of Lemon Grove do not and cannot enjoy skating because of the transportation problems involved," said Mrs. W. E. Macy, owner of the rink. Parents are invited to come with their children.

Chamber Has Semi Report

(Continued)

Dahl, an El Cajon realtor who helped develop El Cajon's industrial park. He is chairman of the industrial committee of the California real estate association.

Dahl said Lemon Grove, as a general law city, could develop an industrial park bringing tax base and employment to the community. "It would be developed as El Cajon's was to make it an attractive part of the community," he said. Dahl said statistics prove a single factory employing 150 persons would create the need for 300 homes, 320 autos, an 18 room school, 23 stores, 23 professional people. All of the people involved in connective activities produces the need for food from 600 acres of land, $200,000 in total payroll and $2,500,000 in tax base.

The Las Vegas air was loaned when Miss Knight (no relation to the governor) pulled ticket number 423 from a rotating drum. The name on the ticket was Mrs. J. C. Yager, 2955 Sylvia, National City, who is the mother of the manager of Lemon Grove Camera store, Art Melbourne.

This is the first thing Mrs. Yeager has ever won. She purchased one ticket from Bob Vaught. Vaught called her Monday night to inform her of the award.

"I thought he was kidding me," she said. "It's just beautiful." She plans to give the car to her son. 600 tickets were distributed by the chamber members.

PERIPATETIC

Mr. and Mrs. Irl Webber, 8265 Broadway, have returned from a two months trip covering 12,000 miles and 28 states. Said he, "returning to California is like returning to God's country . . . and Lemon Grove is cloud nine."

NAMED PRESIDENT

Harvey Furgatch, 2219 Morose, Lemon Grove has been named president of the San Diego chapter of the American civil liberties union, it was reported this week.

No Extra Hazards To Holiday; Just Drive Cautiously Is Tip

"Fear of the highway brought on by dramatized death statistics can be as deadly as overconfidence generated by stimulants," states Joseph E. Hacenner, engineering and technical services director for the automobile club of Soouthern California, in commenting on the scare tactics commonly used around the national holidays.

Studies indicate that holiday periods are no more hazardous to drivers than "normal" weekends and that motorists who prepare themselves and follow sensible rules of conduct can face holiday weekends with confidence.

Most important of the preparations are:

1. Plan your trip. Know where you are going, how to get there and how long it will take.

2. Have your car checked to be sure it is in good condition.

3. Be sure you have accomodations at your destination and at any overnight stops along the way. If your are staying at a motel or hotel, make advance reservations.

4. Make frequent stops for rest and comfort. Avoid the hazards of "highway hypnosis."

5. Don't drive too far. Avoid overexerting yourself.

In 1952, the last year in which Independence Day fell on a Friday, 17 traffic fatalities were recorded in Southern California during the three-day weekend.

Two weeks later, on Friday, Saturday and Sunday, July 18-20, 16 people died in traffic accidents in the Southland. On the following weekend, July 25-27, 15 fatalities were reported.

"The meaning of these figures becomes much more significant when one considers the greatly increased volume of traffic on the highways during holidays," Havenner concluded.

"INDEPENDENCE"

Our independence was not bought cheaply. The price which has been paid for our freedom is blood. Freedom is so precious a possession that every generation is willing to pay its life-blood to secure this privilege for the next generation. God considered our freedom from sin and eternal condemnation so precious that he bought it for us through the shedding of the blood of His Son Jesus Christ.

SV Chamber Hears Lemon Grove Plan

Spring Valley's chamber of commerce members last week heard explanations of Lemon Grove's drive to incorporate as a city from members of the visiting LG chamber group and incorporation drive directors.

Dick Kahanek, with J. Johnson and associates of Long Beach, who are doing the incorporation work for Lemon Grove, was introduced by LG Chamber President Ernie Newton.

Kahanek related the incorporation plans. He said the first phase of the plans have been completed with 1700 property owners signing petitions for incorporation.

Kahanek said the second phase of the plans is to give the complete story to the people on the favorable side of incorporation.

PADRES TO VIE FOR TOP SPOT

Salt Lake City and Vancouver baseball teams make their first appearances at new Westgate park this week and next as San Diego's Padres seek to take the Pacific Coast league lead at the expense of the visitors.

The Padres have two doubleheaders with the Bees from Utah, the first July 4 and the other a regular Sunday twin bill.

Vancouver comes to town for a series opener next Tuesday night. The Mounties gave the Padres a real battle before dropping a 4-3 series decision in the Canadian city last week.

Local Girl Tours Europe

Two San Diego State musicians left the United States June 30 to entertain American servicemen in Europe and North Africa this summer with the Kids from Home, a variety troupe of college students organized under the auspices of the department of defense.

They are Carol Prassed, daughter of Mr. and Mrs. Charles Prasser, 1951 Avon Lane, Spring Valley, and Louis E. Repaci, son of Mr. and Mrs. Paul Repaci, 7159 E. Hyatt, San Diego.

Repaci, a saxophonist, will be making his third summer tour with the Kids from Home. Miss Prasser, an accordianist, entertained throughout the Far East with the troup last summer.

The World's Fair at Brussels, Belgium, is among the stops the Kids will make this summer. The group has entertained over 500,000 American G.I.'s away from home in the past six years.

Supervisors May Change On Judgeship

(Continued)

Howell were for it. Howell is now presumably against it, because it was from his district that the branch building was removed.

However, Howell is now on a cruise to the Hawiian Islands, and Supervisors Frank Gibson and Robert Dent are understood to have swung over to favoring the realignment of district boundaries. Gibson voted against killing the El Cajon court in addition on two ballots last week; Dent voted against it once, but changed when is was pointed out that there was no guarantee that a permanent judge would soon be appointed. It's presumed he'll be for the second courtroom once a judge is assured.

Since their last vote on Homeland, some of the opposition has dropped because of a plan to leave two precincts of the district in San Diego. Judge Luther N. Hussey lives in one of the districts, and thus he would not have to move to keep his place on the San Diego bench. Hussey, formerly a Homeland justice, became a municipal judge when Homeland was added a year ago to San Diego. He has been opposing the boundary change.

With Hussey's reportedly more favorable attitude, it is believed that some of the steam has gone out of the opposition voiced by Supervisor De Graff Austin.

Judge R. Fenton Garfield, of the El Cajon court, has made several appearances before Supervisors, telling them another judge is needed because of the crowded calendar. His district has been growing, and court cases from the Homeland area are coming to his court, he said. Various local civic groups and lawyers have petitioned Supervisors for another judge to aid Garfield.

Judgeship Battle Forms

(Continued)

visors are to consider switching the former Homeland judicial district into the El Cajon division in place of the present set-up which has caused friction and prompted numerous organizations to urge the change.

The elimination of money for courts costs from the '58-59 budget appears to have cut off hopes the board will now okay a switch of districts for the orphaned Homeland area. While the city of El Cajon has offered temporary use of the city council's chambers as a courtroom pending construction of additional facilities, Garfield said the arrangement wouldn't be satisfactory long.

"The council chamber would be in use five days per week for a considerable length of time to permit two judges to clear up a case backlog of eight months."

Next Tuesday's sessions should clear the air . . . one way or the other with local residents hoping the supervisors will relent and pave the way to switch the judicial setup to Garfield's plan.

(Continued)

boards unintentionally last week when two supervisors canceled out of the 1958-59 county budget each other's projects.

Some of us who feel these men plan the script for their actions ahead of the show all but had this proven last week. Supervisor Bird, in whose district is the El Cajon Judicial district led opposition against a $95,000 item for a county branch building in Encinitas. He rallied support from Supervisors Dent and Gibson, who like Bird, have no constituents in Encinitas. Bird said buildings already exist in Encinitas to house needed county functions.

Supervisor Dean Howell in angry retaliation, led opposition on Supervisor Bird's request for a second court facility in the El Cajon district. He got support from Supervisors Austin and Dent. The item was killed.

Howell's explanation at that time was that Bird killed his (Howell's) project so I'll kill his (Bird's).

None of the supervisors apparently thought this was an unusual reason, so this gives force to the belief that some matters which seem to be studied as public hearing matters are actually resolved before the meeting is opened . . . and on a basis of vote trading.

This, of course, is in the poorest form of public service. Items must be decided on the public's need projected against available funds. Nor should one district's requests be pitted against another to be used as bartering tools. How can the request for a county building in Encinitas satisfy the need for a court building in this area?

Individually, supervisors are in agreement that county government must be conducted on a plane high enough to command respect commensurate with the responsibilty of their job.

Such carryings-on as they indulged in last week in an "I'll take my toys and go home" display of childish retribution is damaging to the board's character . . . and like a spoiled child in an indulgent home, they brought it on themselves.

Fellow can't believe in anything department— When Drs. Burns and Swenson, along with Tom Warburton and Postmaster Frenchy Faucher and others, held the swimming pool "mortgage" burning last week on the plaza they worked a little double-shuffle skullduggery.

Dr. Burns, who is president of the swimming pool association learned, after paying the balance due, that it would take several weeks for the papers, including the mortgage to clear the necessary county offices. This would make the "mortgage" burning several weeks later. Also, there being no extraneous papers in a real estate transaction such as this, there was a question as what should be burned instead.

That is why the small puff of smoke at the "mortgage" burning ceremony Saturday came from Dr. Burns' cancelled auto insurance policy and not the mortgage at all.

Those bamboozlers!

There should be no question about how I feel concerning right-to-work laws. I've made the point time and time again in these columns that too many jobs have been legislated away from would-be workers. This is particularly true concerning youthful job-seekers.

Never a week that passes without several youngsters applying at this newspaper office for work. We simply are not allowed to employ under-16 youths. There is considerable red tape and form filling required for employing those between 16 and adulthood. Came a thoughtful paragraph this week from Louis Bowman who wrote this in the King City (Mo.) Tri-County News:

"Wonder if it ever occurs to folks who stew and fret over juvenile delinquency that we may have legislated ourselves into it? Our child labor and minimum wage laws have made it somewhat risky for a small business to employ a schoolboy or girl as a learner or apprentice, but you hardly ever hear of a kid who carries a paper route or works in a store evenings and Saturdays to earn part of his keep getting into trouble."

BASIC RULES

For safety's sake, motorists should remember the three basic rules for parking on hills, the Automobile Club of Southern California advises. To park on a downgrade, cramp the front wheels sharply toward the curb; on an upgrade, turn the front wheels sharply away from the curb; and on an upgrade with no curb, turn the front wheels toward the road edge.

Summer Play In Rehearsal

The Emperor's New Clothes, the first play of the LG summer recreation program is currently in rehearsal. Although there are many versions of this comic story of the silly ruler who is interested only in his own wardrobe, the play by Charlotte Chorpenning has all the good of the many versions.

The play is filled with ideas that appeal to theater-goers of all ages, and the dialogue is pared down to a level youngsters can follow as easily as their own.

Performances are scheduled for July 31 and August 1 at the LG junior high school auditorium at 8 p.m. Thursday, July 31, there will be a small-fry matinee at 1:30. Admission will be 10 cents for youngsters and 25 cents for adults.

AROUND OUR VALLEY

by Tommy Thomas

Star and Stripes, Old Glory, Red, White and Blue or whatever pet name you wish to give the American flag, it still stands for freedom and in many instances stands for other memorable events.

Have you seen the flag waving in the breeze on a flag pole in front of Art's Lumber Co., out Campo road way? Well, that flag has a bit of sad, yet satisfying history connected with it . . . especially for Spring Valleyites.

Many of you folks living in the Valley will remember Harriet and Wilbur Dickerhoff, who used to own the H and D Cafe later the Cowboy Cafe, at Bonita and Campo road. Wilbur was affectionately called Dick by his many friends. They owned the cafe for many years and finally sold out.

Then not too long ago Dick took sick and passed away. As he was a veteran of Uncle Sam's service, he was given a military funeral and buried in the Ft. Rosecrans national cemetery. Draped over the coffin was a flag. After the funeral Harriet Dickerhoff retained the flag.

Recently, wondering what to do with the flag, she decided it would be a good gesture to donate it to someone who would fly it every day, not only for its significance but as a token in memory of Dick. Art, being one of Dick's best friends received the flag. And what could be a better place to fly Dick's American flag, than in the area where he was best known? In memory of Dick Dickerhoff . . . a wonderful guy.

LEVIS & LACES

The following poem was written as a salute to our vice president, Beth Wentzel. Beth volunteered to design and produce an appropriate banner to represent the Levis & Laces Club. The banner is now finished and will be on display at the Lemon Grove women's club Saturday night for the regular monthly party night, 8 to 11.

Come and see our banner
We're all dressed up in style
Bring your maw and
Bring your pa
Square up and dance a while.

One of our new graduate members, Bob Ulrey was awarded last Wednseday night an engraved picture of Abraham Lincoln. That's worth $5 anywhere.

President Curly Thompson appointed Ivan McDermott chairman of the nominating committee for new officers. Ivan will have a slate to recommend for the new year. Election will follow in August. The annual pot luck July 12 will again be at Linda Lake.

HUFF 'N' PUFFERS

The Huff 'N' Puffers will hold a Hawaiian Aloha dance July 4 to observe the mid-year change of officers. Decor, refreshments and costumes wil be in Laua theme.

Frank Dyson was club caller at that dance and hosts and hostesses were Clayton and Jessie Bauman and Don and Maxine Kearney. New members introduced were Art and Mildred Canfil.

The Guest list was comprised of Henry and Sylvia Wilson, Etta Johnson, Alex Markowich, Fred and Florence Dorn.

PROMENADERS

There were many guests from the Merry Whirlers, Dancin' Dudes, and the Bouys and Belles. The first door prize went to Wilbur Coon and the second to Paul Phelps.

COUNTRY COUSINS

Country Cousins held their 4th Saturday party dance at La Mesa junior high school, Parks avenue, June 28. Everyone thoroughly enjoyed the spirited calling and singing of Ray Columbe.

During intermission the following new club officers were installed: Ed Walsh, president; Bob Lounder, vice president; Les Crane, recording secretary; Nolan Flowers, treasurer; Lena and Helen Chapman, entertainment chairman. Buch credit is due the outgoing group who worked untiringly to make the club successful and outstanding organization. Sincere thanks to all. July 5 with be "work shop" with George Vagtborg as caller and instructor. Guests always welcome.

550 Insurance Companies Recognize Chiropractic

When 550 insurance companies examine something that has a bearing on their own operations it has to stand up under meticulous scrutiny. So, when the weight of overwhelming statistics, painstakingly gathered by realistic actuaries, proved chiropractic saved millions of work hours and reduced payments, they gladly recognized this second largest healing method.

DR. BARTON

Today, insurance companies accept the findings of Doctors of Chiropractic on claims. Many specify them in their policy contracts. Surveys back up the judgement of these insurance companies. One showed that under chiropractic care the average loss of time from work was a little over 2½ days or about ½ that lost under other healing methods.

Compensation cost was about one-third less. Another survey showed with chiropractic care only 14 days of work were lost and compensation cost was $62.00 per case, whereas time loss was 24½ days and compensation cost was $79.00 per case under other healing methods.

So get the facts. They represent the truth about chiropractic which we believe the American people will want to have for future consideration in meeting their health needs.

If there is particular information you want, write us or send for the book, "The Truth About Chiropractic."

THREE TRUTHS YOU SHOULD KNOW

- 550 Insurance Companies Recognize Chiropractic.
- 1 out of EVERY 5 Americans Avail Themselves of Chiropractic Health Services.
- 4 Years of Chiropractic College is the Minimum Requirement for Doctors of Chiropractic.
